

Due to recent cyber-attack on the HSE IT Services please see revised procedures in relation to COVID. Please Read

1. **Close Contacts:**

Close contacts identified by contact tracing are asked to **attend walk in centres** for testing and ***do not wait for an appointment.***

2. **If you are symptomatic but not tested:**

If you have COVID symptoms, you should ***attend walk in centres*** for testing....***do not wait on an appointment:***

3. **If you have been tested but you are waiting on test results:**

If someone is symptomatic but has not yet got a test result, they should ***continue to self-isolate*** as per usual guidelines.

4. **Day 10 test results:**

Anyone who is awaiting a result of the Day 10 test, should continue to ***restrict their movements until they receive this result, or they have restricted their movements for 14 days***, whichever is the soonest.

5. **Close Contacts exclusions:**

While there is a slight delay compared to normal processes, positive results are being rapidly provided to patients. No close contact exclusions need to be made until a confirmed result is received

Please remain vigilant. No-one with symptoms consistent with Covid-19 should be in the AES centres. (Sarsfield House, Castlemill Balbriggan, Plaza, Swords)
